

Criteria D: Testing Your Work

Evaluating your Lego set

1a: My survey questions

Choose 5 survey questions to ask people at school who are not in your homeroom. 请选择5个调查问题，向学校里那些不在你班上的同学提问。

Use Mr. K’s tool to help choose questions! 使用K先生的工具来帮助选择问题吧！

Your questions must **give you useful information** about your Lego set, to help you learn how other people feel about your work. Remember that **the goal** is set looks like a real Lego set, AND that it meets your success criteria. 你的问题必须能为你提供有关乐高套装的有用信息，以帮助你了解他人对你作品的看法。请记住，目标是让这套乐高看起来像真正的乐高套装，并且符合你的成功标准。

Your Name:

Statement of Inquiry:

Designers must develop research, planning, and evaluation skills to create good products.

Key Concept:

Systems

Related Concepts:

Evaluation, Form

Global Context:

Personal and Cultural Expression

ATL Skills:

Information Literacy, Creative Thinking

2: Was it a success?

Look at your success criteria

from our **PLANNING** SA, write a **short** version of the criteria, then **respond** to each criteria. Was your work a success? Did you achieve each success criteria? Give details and explain **why or why not** in your answers. 请参考我们《规划指南》（PLANNING SA）中的成功标准，将其简要概括，然后针对每一项标准作出回应。你的工作是否取得了成功？你是否达到了每一项成功标准？请在回答中提供详细信息，并说明原因。

3: How can I improve my work?

Write at a bulleted list with explanations on this page and tell **Mr. K** how you could **improve** your work. Be detailed! 请在此页面上以带说明的列表形式写下内容，并告诉K先生你将如何改进自己的工作。请详细说明！

4: Did you accomplish the goal?

Your goal was to design a set that looks **like it could be sold by Lego**. How did you do? Write **120+ words** that explore this idea. 你的目标是设计一套看起来像乐高公司会出售的套装。你做得怎么样？请写一篇120字以上的文章，探讨这一想法。

If **YES!** give me many reasons why! If **NO!** Why not? Be detailed! Do the renders look realistic? Are there stability issues? Is it built strongly? Does it look fun? (These are just ideas to get you reflecting!) 如果是“是”！请列举多个理由！如果是“否”！为什么不行？请详细说明！渲染效果看起来逼真吗？存在稳定性问题吗？结构是否坚固？看起来有趣吗？（这些只是供你思考的参考！）

Write your answer here: (BE DETAILED!)

Your Name:

Task Specific Clarifications

Each student:

1-2

- i. Writes a few simple interview questions that may not all relate to their success criteria.
- ii.. Partially or incorrectly states the success of the Lego set based on success criteria.

3-4

- i. Writes 4 questions which mostly relate to help to answer their success criteria.
- ii. States how the Lego set was a success based on the success criteria.
- iii. States a few limited ways they could improve their set.
- iv. States how their set did or did not accomplish the goal.

5-6

- i. Writes 4 interview questions that directly help to measure their success criteria.
- ii. States the success of the Lego set based on interviews and testing.
- iii. Outlines a few ways in which the set could be improved
- iv. Outlines how their set did or did not accomplish the goal.

7-8

- i. Writes 4 strong interview questions that will measure the success of the set.
- ii. Outlines the success of the set against the success criteria and design specifications.
- iii. Outlines how the solution could be improved
- iv. Outlines the impact of the solution on the audience.
